

A006 Plastic Air Blow Gun for Pneumatic Cleaning

Product Overview

The A006 is a lightweight plastic air blow gun with standard and long nozzle options for compressed air cleaning, dust removal, drying, and maintenance.

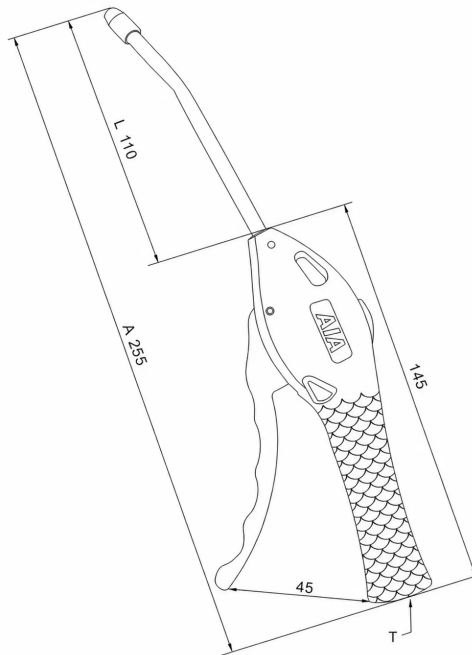

Key Features

- Lightweight plastic body for comfortable repeated operation.
- Standard and long nozzle options for different access requirements.
- Suitable for dust removal, chip blowing, drying, and surface cleaning.
- 1/4 in PT thread for common pneumatic fittings and air hoses.
- Long nozzle helps reach machine gaps, molds, fixtures, and corners.
- Practical for bulk supply and industrial pneumatic tool programs.

Technical Specifications

Parameter	Specification
Product Name	A006 Plastic Air Blow Gun
Model Options	A006, A006-L
Working Medium	Filtered compressed air
Operating Temperature	-10 °C to 50 °C
Working Pressure	0 to 10.0 kgf/cm ²
Body Material	Plastic
Thread Size	1/4 in PT
Accessories	PM20 pneumatic fitting option
A006 Size	A 255 mm, L 110 mm
A006-L Size	A 415 mm, L 270 mm
Typical Application	Dust removal, air cleaning, drying and maintenance
Selection Checks	Model, nozzle, thread, fitting, pressure and air hose

Model Selection and Dimensions

Model	A	L	T	Accessories
A006	255 mm	110 mm	1/4 in PT	PM20
A006-L	415 mm	270 mm	1/4 in PT	PM20

Applications

- Workshop cleaning and machinery maintenance.
- Production lines, part drying, and surface preparation.
- Molds, fixtures, equipment interiors, and narrow machine gaps.
- Industrial distributors and pneumatic tool supply programs.

Operating Guidance

Use filtered compressed air within the specified pressure and temperature range. Select A006 for general cleaning or A006-L for deeper, higher, and narrower working areas.

Safety Notes

- Do not direct compressed air toward people or unprotected skin.
- Isolate and depressurize the air supply before installation or service.
- Confirm thread compatibility and secure all connections before use.
