

Automatic Retractable Water Hose Reel 10-15M

Product Overview

This automatic retractable water hose reel provides organized water delivery for workshops, garages, wash stations, maintenance areas, gardens, and production facilities.

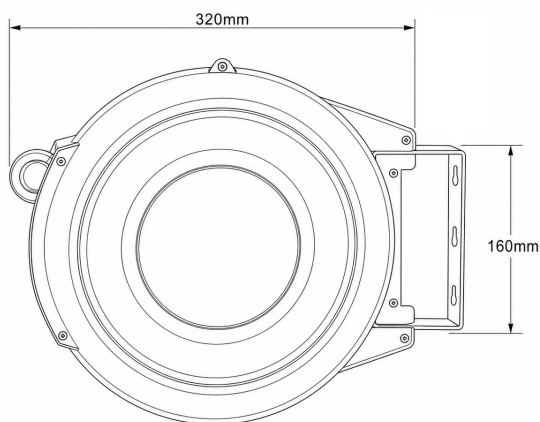

Key Features

- Automatic spring rewind stores the water hose neatly after use.
- 10 m, 12 m, and 15 m hose length options.
- 12 x 8 mm rubber-plastic hose for water delivery.
- 1 MPa / 10 bar working pressure.
- Engineering-grade ABS housing protects the rewind mechanism.
- Wall-mounted design keeps the hose away from floors and benches.

Technical Specifications

Parameter	Specification
Product Name	Automatic Retractable Water Hose Reel
Product Type	Automatic rewind water hose reel
Conveyed Medium	Water
Working Pressure	1 MPa / 10 bar
Housing Material	Engineering-grade ABS plastic
Hose Material	Rubber-plastic hose
Hose Size	12 x 8 mm
Available Hose Lengths	10 m, 12 m, 15 m
Retraction Method	Automatic spring rewind
Installation Type	Wall-mounted
Reference Dimensions	320 mm horizontal, 160 mm bracket height
Typical Applications	Workshops, garages, wash areas, gardens and production
Selection Checks	Hose, pressure, connector, inlet and mounting position

Model Selection and Dimensions

Model	Meter
12 x 8 mm	10 m
12 x 8 mm	12 m
12 x 8 mm	15 m

Applications

- Workshop floors, equipment surfaces, and machinery exteriors.
- Garage, vehicle service, and wash station applications.
- Garden, facility maintenance, and general water delivery.
- Production and maintenance areas requiring organized hose storage.

Installation Guidance

Secure the reel to a stable wall with unobstructed hose travel. Confirm the inlet and outlet connector types, water pressure, and mounting position before installation.

Safety Notes

- Do not exceed the specified working pressure.
- Shut off and release water pressure before installation or service.
- Inspect the hose, connectors, and mounting hardware regularly.
